

Orders Weekly Changes – Effective 3/22/2017

Below are the changes that have been made to the Production environment this week.

Changes to the Consult to Ophthalmology order

1. The **Consult to Ophthalmology NICU ROP** order has been deactivated.
2. The **Consult to Ophthalmology** was activated. It populates consult lists in the Patient List activity as follows:
 - CHO Ophthalmology NICU list = will show patients with Ophthal consults in NICU unit
 - CHO Ophthalmology list = will show patient with Ophthal consults in non-NICU units
